

Welcome to Home School!

Today is Wednesday, March 18.

These are the tasks for the day:

1. Science IXL DD.1, and the two "New" listed above DD.1. Email me your scores.
2. Wonders Unit 4 Week 6 Test. I will check your scores online.
3. Finish Ancient Civilizations Project. Turn in what you have done.

And that's it! The district has extended the end of the quarter to next Friday. If you have a book report that still needs to be done, do it this weekend while you're on Spring Break. It will be due next week.

Please check your granite gmail for your IXL password. IXL.com is the site.

Please go to the granite portal to access the link to Wonders.

Log in to your granite gmail to access your Google Slides ancient civilizations presentation.

Email me with any questions.
